**EatSmarter substitutions to lighten up your regular Café menu meal:**

Request **Mozzarella Cheese** instead of another cheese for your sandwich or breakfast entrée OR ask to go light on the cheese.

Request to omit a mayo-based condiment completely if you like.

Apple slices or carrot/celery sticks may be chosen in place of chips to accompany your sandwich. A small container of our Lighter Side Dill Dip is served with the veggies.

Share one of our paninis or grills with a friend!
