## How to Pick Apples

When you arrive at our orchard, you'll pay for a bag or box based on the amount you plan to pick.

- **Roll the apple upwards off the branch and give a little twist;** don't pull straight away from the tree. (You don't want to pick the little bud that will be next year's apple!)
- If two apples are joined together at the top, both will come away at the same time. **Don't shake or bend the branches**, which could make apples fall or break the branch.
- If the apple you are trying to pick drops, (or others on the tree) go ahead and pick it up. They're fine! Do not pick up apples that are already lying on the ground, however.
- **Never climb** and never allow children to climb the trees. (Our pickers will pick the tops of the trees.)
- Please **pick all the apples that you can on your tree** before going to another tree.
- Never drop or throw the apples into the bag or box. **Place them in gently** or they will bruise and go bad more quickly. (Mr. Brown always said, "handle apples as though they were eggs".)

## How to Pick Pumpkins

When you arrive at our PYO farm, check in at the Register Here Shed. Someone will direct you to the pumpkin patch. Someone should be at the patch to help you cut your pumpkin from the stem. Do not attempt to pull the pumpkin from the vine. Take your pumpkin(s) back to the Shed for payment.

**Please follow these rules & guidelines for an enjoyable picking experience:**

NO THROWING FRUIT  
NO CLIMBING TREES OR SHAKING/BENDING BRANCHES  
NO SMOKING  
NO ALCOHOLIC BEVERAGES  
NO PETS  
DO NOT PICK UP OR EAT ANY FRUIT LYING ON THE GROUND  
PICK ONLY IN DESIGNATED AREAS  
KEEP OFF LADDERS

You are going to have a great time enjoying the outdoors and picking fruit. The staff in the PYO Shed are here to help you with any questions or concerns. While you are here, snap a pic or two and tag us on your social media!

**@BrownsPYO @BrownsOrchards**

We hope you enjoy your fruit and your experience picking in the serenity of this beautiful farm. After you are finished, be sure to drive over to the market. Our Ice Cream Shiver Shack offers hand-dipped ice cream, sundaes, shakes and snow balls. Our BBQ PIT is open Saturdays and Sundays 11am-4pm (or they sell out). Brown's Produce, Bakery, Greenhouse and Gifts have been named York Sunday News Best of York County!!
